Common Table Health Alliance

I am 60 and have never had a mammogram. I am going to call my doctor Monday and get it done!

My mom and sister had breast cancer so I get mine every year.
(52 years old)

I heard they hurt really bad and that is why I have not had it done before.
(48 years old)

I'd like a bag to share with my wife. I didn't realize the importance of the test.
